

# Sub Race

## Undercroft

Sub race of human race  
It comes back  
With the eyes  
Flashing by bloodSub race of human race  
Sowing the panic  
With the existence  
Of sick facesFrom the dusk reborn  
Of ancient time  
A titanic shadow  
Black wing of deathForgotten warriors  
They come back  
Embracing us again  
Reborn from the ashesSub race of human race  
It comes back  
With the eyes  
Flashing by bloodFrom the dusk reborn  
Of ancient time  
A titanic shadow  
Black wing of deathSub race of human race  
It comes back  
With the eyes  
Flashing by bloodSub race of human race  
Sowing the panic  
With the existence  
Of sick faces
