Hold On

Caught In the Act

Can we get back together
I know it's been hard on you
You say that sometimes
I don't know what I've got
'Till it's up and gone awayIf you still want me
I promise you
You'll never be aloneI'm gonna
Hold on to your love
Hold on and never let you go
Hold on to your love
To the end
I'll hold onI'll be what you've wanted
And I'll do
What you want me to do
You know I'm just gonna
Take my time
Gonna make you mine againIf you still want me
I promise you
You'll never be aloneI'm gonna
Hold on to your love
Hold on and never let you go
Hold on to your love
To the end
I'll hold onIf you want me back
Then I'll get it together
Can you hold on-hold
