

Lose The Dress (keep The Shoes)

David Lee Roth

I respect your intellect
More impressive still
Are you sporting skills
Do i detect
Integrity and self-respect?
CoolNow lose the dress, keep the shoes
So what you're saying could be trueAll the world's a molecule
A little atom contained within
The thumbprint of a greater being
I wish i may i wish i might
And with any luck
I will tonight
But before we doCome here you
Lose the dress, keep the shoes
Lose the dress, keep the shoes
Lose the dress
