

# My Can Do, Can't Keep up with My Want To

[Nat Stuckey](#)

Well it's sad but true and some day it'll happen to you  
When your can do can't keep up with your want to I ain't never been much of a lover and it never really  
bothered me none  
With the whole world full of adorable women I figured I could catch me one  
But lately I've got a problem and I don't know what to do  
You see my can do can't keep up with my want to  
Well my want to wants me to do everything I used to do  
But my can do can't keep up with your want to  
[ guitar ]  
I met a Dolly in a roadside tavern of the time and the place was right  
We had a table in the corner where the lights were low  
And the band was picking out of sight  
We were dancing to a fast little ditty but before I got half through  
I found my can do can't keep up with my want to  
Well my want to wants me to...  
Well it's sad but true...
