

Nehalem

Everclear

There is this rumor about
They say you're leavin' Nehalem
Ever since our baby died
You've been seen with another guy
The whole damn town is talkin' now
They say you're leavin' Nehalem
Hey don't you want me to go?
Hey don't you want me to go?
Hey don't you want me to go?
Hey don't you want me?
They say you're losin' your mind
They say you're leavin' Nehalem
You know how the bad words get around
Big noise in a hard small town
Tell me, if you want me to go
Tell me, if you want me to go
Tell me, if you want me to go
Tell me, if you want me
They say you're leavin' Nehalem
They say you're leavin' Nehalem
They say you're leavin' Nehalem
They say you're leavin' me
Yeah, I know you need a break away
Don't give a fuck about what those people say
Hope you find everywhere you go
All the good things that you need to know
They say you're losin' your mind
They say you're leavin' Nehalem
They say you're leavin' me
They say you're leavin' Nehalem
There is this rumor out
They say you're leavin' Nehalem
They say you're leavin' me
They say you're leavin' Nehalem
I know you're leavin' me
I know you're leavin' Nehalem
I know you're leavin' Nehalem
I know you're leavin' Nehalem
I know you're leavin' Nehalem

I know you're leavin' me
