

Always On My Mind

[Jon McLaughlin](#)

I've been lost on these endless streets such a long, long way from home
While you're stuck in an empty room as you wait for me to show
You are always on my mind
Always on my mind When i sleep every dream is you filling up this empty bed
I awake to the sound of your voice but it's only in my head
You are always on my mind
Always on my mind I always thought i could make it
Alone but you make it so hard to leave
