Come Alive

Crowder

Though we fall and we fail
Youâ€™re holding on to us
Youâ€™re holding on to us
And the pain when we break
Youâ€™re holding on to us
With nothing less than love
With nothing less than love

We have tasted and seen of never ending grace of the King
Where the broken and the least of the least come alive

Never fear, hope is here
Breathing into us
Breathing into us
We will rise, come alive
Youâ€™re breathing into us
Nothing less than love

Your love was the remedy
For the sickness in my heart
And now itâ€™s the melody rising up in me
Rising up in me
