

Ten Foot Stilettos

Chrisette Michele

Strap me in real tight
I'm too cute to fall
Oh, I'm super high
Far away from it all
Got a bag to match
Carry all my burdens
Make it through it all
Even if I'm hurting

Every girl's met a boy who was just no good
Every girl's met a boy who was just no good
Put yo best dress on like a diva should
Walk above it all
Walk above it all in your winter shoes
Left, right, keep it moving, will get you

High above the drama
Strutting like a rock star
Watch me by the walk in my ten foot stilettos
Can't nobody get to me
Here where it's easy to breathe
I'm just standing free in my ten foot stilettos

I'm a real tough girl (real tough girl)
But I'm sweet at heart
Live in a real rough world
Oh I could fall apart
But I just won't fail
'Cause I was born to fly
I rise above, that's how I live my life

Every girl's met a boy who was just no good
No, no, no good
Put yo best dress on like a diva should
Walk above it all in your winter shoes
Left, right, keep it moving, will get you

High above the drama
Strutting like a rock star
Watch me by the walk in my ten foot stilettos

Can't nobody get to me
Here where it's easy to breathe
I'm just standing free in my ten foot stilettos

Now watch me walk it off
Now watch me walk it off
Now watch me walk it off
Ten foot stilettos

Now watch me walk it off
Now watch me walk it off
Now watch me walk it off
Ten foot stilettos

I'm high above the drama
Strutting like a rock star
Watch me by the walk in my ten foot stilettos
Can't nobody get to me
Here where it's easy to breathe
I'm just standing free in my ten foot stilettos

Now watch me walk it off
Now watch me walk it off
Now watch me walk it off
Ten foot stilettos

Now watch me walk it off
Now watch me walk it off
Now watch me walk it off
Ten foot stilettos
