Possessed By Satan

Gorgoroth

Standing proud in the never-ending glare
Of the churches burning in the name of SatanLike a thorn in the eye of godThe sons of satan
Are fighting in this holy war
it has begun
No one thought that you should survive to see the new millenniumKill the priest, and burn the jew
The holy trinity will be crushed
By the sword of the Dark Lord... of this worldWe are possessed by the moon
We are possessed by evil
We are possessed by Satan
Possessed by SatanNever ending blasphemy... kill,
manipulating in the name of the Pentagram
even tho' his soul to stray
to fight against the solemn god
evil prevail's over good
evil lurks around every cornerworldwide revolution has occured
holy war, execution of sodomy
We are possessed by the moon
We are possessed by evil
We are possessed by Satan
possesed
possessed by satan
and then we rape the nuns with desire
