

# Luv Me Baby

## Murphy Lee

This is Murphy Lizzle  
On a Jazze producshizzle  
My nizzle, ahaay  
(I'ma make ya luv me, baby)  
I'ma make ya luv me baby, hug me, baby  
Place no one above me, baby  
(Make you wanna kiss and hug me, baby)  
Kissin' and huggin', huggin' and kissin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the one that ya missin' come on  
(I'ma make ya luv me, baby)  
I'ma make ya luv me baby, hug me, baby  
Place no one above me, baby  
(Make you wanna kiss and hug me, baby)  
Huggin' and kissin', kissin' and huggin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the one ya lovin' come on  
I'm sorta like my brotha but very different from others  
Like a special police man, I'm always under cover  
I'll love you if you love me, I kiss only if un-kissable  
Keep 'em if they keep able, diss 'em if they dismissible  
Skool Boy, fence a tool, make it outside the visit room  
(Luv me baby)  
Teachin' you, makin' you listen to me like a principal  
Sendin' you, flowers and candy to your family  
And I think it's cute how you used to live wit yo granny, maan  
Work in the mornings, school in the evening, weekday to weekend  
(Luv me baby)  
Teachin' reasons I'm the one you believe in  
Demolish ya def, acknowledge yourself  
Now you rock a small belt from my nutritional health  
I'm the God mami, teach you what you need to be taught  
(Luv me baby)  
And these feelings that I brought, ma they all in ya thoughts  
You can't love nobody 'til you love you  
So when you do love somebody you'll know what to do come on  
(I'ma make ya luv me, baby)  
I'ma make ya luv me baby, hug me baby  
Place no one above me, baby

(Make you wanna kiss and hug me, baby)  
Kissin' and huggin', huggin' and kissin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the cat that ya missin' come on  
(I'ma make ya luv me, baby)  
I'ma make ya luv me baby, hug me baby  
Place no one above me, baby  
(Make you wanna kiss and hug me, baby)  
Huggin' and kissin', kissin' and huggin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the cat ya lovin' come on  
See I'm the man like groom and husband  
Grandfather or daddy, brother, uncle man nephew or cousin  
I'm the 1 like Tracy McGrady, play wit me or play me  
Make me a man or make me your baby  
Spoil me mama, back rub oil me mama  
(Luv me baby)  
When I'm left over aluminum, foil me mama  
I'ma be therre when you wake up hungry  
You can call me your homie  
I'ma be therre when you straight up lonely  
And I ain't tryin' to get mushy ya dig?  
(Luv me baby)  
And all pushy ya dig? I just like the fact ya tushy is big  
Can I touch it, touch it? Maybe caress it and rub it?  
Take advantage of it, show me your private booty in public  
You actin' fresh this way like, "But guess"  
(Luv me baby)  
But really you princess cut, invisible set  
The credible sex, way way ahead of the rest  
Best personality, face, booty and chest  
(I'ma make ya luv me, baby)  
And I can make ya luv me baby, hug me baby  
Place no one above me, baby  
(Make you wanna kiss and hug me, baby)  
Kissin' and huggin', huggin' and kissin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the cat that ya missin' come on  
(I'ma make ya luv me, baby)  
I'ma make ya luv me girl, hug me girl  
Place no one above me, girl  
(Make you wanna kiss and hug me, baby)  
Huggin' and kissin', kissin' and huggin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the cat ya lovin' come on

Don't matter if I'm behind her, as long as I'm inside her  
She be wit it and I don't wanna be committed  
As long as I don't forget it, the night after I hit it  
She cool mayn, neva disrespectin' me  
As long as I can help her wit a few Bill Belamys  
And she ain't even tellin' me I'm the only dertty she dig  
And if she do I'ma tell 'em how we better off bein' friends  
(I'ma make ya luv me, baby)

(Make you wanna kiss and hug me, baby)  
Kissin' and huggin', huggin' and kissin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the dertty ya missin' come on  
(I'ma make ya luv me, baby)  
I'ma make ya luv me girl, hug me girl  
Place no one above me, girl  
(Make you wanna kiss and hug me, baby)  
Huggin' and kissin', kissin' and huggin'  
(Give me a chance, girl I'm the man)  
Give me a chance I'm the dertty ya lovin' come on
