## OGB

Quite a heartbeat  
You're quite a heartbeat  
Race right through you  
You sleep like small stars fly back home  
Quite a heartbeat  
(Shine like million)  
You're quite a heartbeat  
(Shine like million)  
Race right through you  
(Shine like million)  
You sleep like small stars fly back home

I, come on  
I, come on  
I, come on  
I, come on  
Oh, come on  
Oh, come on  
Oh, come on  
Oh, come on  
We are everywhere  
We are everywhere  
We are everywhere  
We are everywhere

I, come on  
I, come on  
I, come on  
I, come on

Oh, come on  
Oh, come on  
Oh, come on  
Oh, come on

Quite a heartbeat  
(Shine like million)  
You're quite a heartbeat  
(Shine like million)  
Race right through you  
(Shine like million)  
Have we come too far to get home?

Quite a heartbeat  
(Shine like million)  
You're quite a heartbeat  
(Shine like million)  
Race right through you  
(Shine like million)  
You sleep like small stars fly back home  
I, come on  
I, come on  
I, come on  
I, come on  
Oh, come on  
Oh, come on  
Oh, come on  
Oh, come on
