

Like Ya Use To

Heather Headley

This mornin' when you woke up
I had breakfast cooked with everythin' you like
But you didn't even give the eggs a try
And you left without kissin' me goodbye
Used to wake up happy everyday
With the glow of love upon your face
But now that shine has gone away
Has someone else taken my place?
You need to stop, stop
Askin' me to cook and givin' me the look
That you were turned on by me
Stop, stop comin' home to me
Stop hangin' in the streets
Instead of being where you should
Stop, stop lookin' in my face
When you would come in late
I said I know you way too good
Stop, stop foolin' me around
Boy, if you ain't down and you wanna leave
You know you could
You don't love good, baby
Like you use to
Hold me like you use to
Do the things you use to
You don't touch me, baby
Like you used to
Say the things you use to
Tell me are you use to me?
You don't love good, baby
Like ya use to
Kiss me like ya use to
Tell me what ya use to
Say you don't miss me
Baby, like ya use to
Love me like ya use to
Maybe your too use to me
Yesterday I wore my favorite jeans
The ones you love to see on me
But you didn't even give a second look
Guess someone else had your attention
Took even did my hair in a brand new style
To see if a change would bring a smile
And I might as well have stayed the same
'Cause you still didn't say a thang
You need to stop, stop
Askin' me to cook and givin' me the look
That you were turned on by me
Stop stop comin' home to me
Stop hangin' in the streets

Instead of being where you should
Stop, stop lookin' in my face
When you would come in late
I said I know you way too good
Stop, stop foolin' me around boy if you ain't down
And you want to leave you know you could
You don't love good, baby
Like you use to
Hold me like you use to
Do the things you use to
You don't touch me, baby
Like you use to
Say the things you use to
Tell me are you use to me?
You don't love good
Baby, like ya use to
Kiss me like ya use to
Tell me what ya use to
Say you don't miss me baby
Like ya use to
Love me like ya use to
Maybe your too use to me
You don't love good, baby
Like you use to
Hold me like you use to
Do the things you use to
You don't touch me, baby
Like you use to
Say the things you use to
Tell me are you use to me?
You don't love good, baby
Like you use to
Hold me like you use to
Do the things you use to
You don't touch me, baby
Like you use to
Say the things you use to
Tell me are you use to me?
You don't love good baby
Like ya use to
Kiss me like ya use to
Tell me what ya use to
Say you don't miss me baby
Like ya use to
Love me like ya use to
Maybe your too use to me
