Welcome 2 The Love Session (interlude)

Silk

Silk would like to welcome you
To the love session
Please enjoy
Welcome 2 the love session
Welcome 2 the love session
Welcome 2 the love session
The love session
Silk can show you how to love somebody
Silk can show you how to say, I'm sorry
Silk can show you how to say, please forgive me
Silk can show you how to stay in love
In the love session

Welcome 2 the love session
In the love session
Welcome 2 the love session
Hush little baby, don't you say a word
Silk is gonna show you how to love somebody
In the love session
Love session
Hush little baby, don't you say one word
Silk is gonna show you how to love somebody
In the love, love, love
Love session, oh
