Make Today Beautiful

Linda Eder

These wasted days have all piled up
Right there by the door
My memories stretched as far as I can seeBlank white pages and brand new faces
Are all I'm looking for
They say the things that mattered
Don't matter like beforeLet it rain, let the sky fall down
No matter what I face
I'm gonna make today, make today beautiful
I'm fighting the tide, hope is my only guide
With just one ounce of faith
I'm going to make today, make today beautifulI've cast these doubts into the breeze
And watched them fly away
Letting go of expectations one by oneI'm not chasing perfect, it's not worth it
Things can't stay the same
So let the sky grow dark now
Go ahead andLet it rain, let the sky fall down
No matter what I face
I'm gonna make today, make today beautiful
I'm fighting the tide, hope is my only guide
With just one ounce of faith
I'm going to make today, make today beautifulEvery change, every ending
Takes me places I've never been
Who'd have guessed I belong here?Let it rain, just let the sky fall down
No matter what I face
I'm gonna make today, make today beautiful
I'm fighting the tide, hope is my only guide
With just one ounce of faith
I'm going to make today, make today beautifulLet it rain, let it rain, let it rain, let it rain
Let it rain, let it rain, let it rain, let it rain
