Capital Cristine

Smoking Popes

I'm in trouble with a Capital Cristine
I mean what I say
When I say that I love youI was thinking of a number
Between one and two
You know what to do with a kiss, girl
When you kiss meI'm in trouble with a Capital Cristine
I mean what I say
When I say that I love youI know I done you wrong
But lady, you're as much to blame
I'm in no mood for games
Please stop screaming my nameI stole myself a moment
But I'm paying for it now
I wasted it somehow
And it's gone, gone, goneI'm in trouble with a Capital Cristine
Trouble with a Capital Cristine
Trouble with a Capital Cristine
I mean what I say
When I say that I love you, love you
