The Flower Song

Tom Keifer

Standing on the corner watching all the pretty girls go by.
And I'm trying to play it so cool as I'm tryin to catch their eyes.
And I know sometimes my wandering eye has brought some rain
Ooo baby
So I'm standing out here on this corner trying to find the words to explain A pretty girl's like a flower, you just gotta stay close to
They come and go like the hour
Whats a guy to do
But when it comes to forever, you know my heart is true
Of all the pretty flowers
Baby I picked you
Many blossoms line the streets a thousand colors that I could choose
And I'm trying to imagine the taste of all the petals I must refuse
And I know there's nothing I can say to ease your mind, but i'll try
The days I spend here on this corner are all just passin time A pretty girl's like a flower you just gotta stay close to
They come and go like the hour
What's a guy to do
But when it comes to forever, you know my heart is true
Of all the pretty flowers, baby I picked you. And I know there's nothing I can say to ease your mind
But I'll try
The days I stand here on this corner are all just passin time
A pretty girl's like a flower you just gotta stay close to
They come and go like the hour, whats a guy to do
But when it comes to forever you know my heart is true
Of all the pretty flowers, baby I picked you. Standing on the corner watchin all the pretty girls go by.
