

Iran So Far (Andy Samberg, Adam Levine)

The Lonely Island

They say true love only comes once in a lifetime
and even though we're from opposite ends of the earth, my heart tells me you're the one for me.

Mahmoud. I remember when it started, saw you on the news,
you were hatin' gays, i was eatin' food.

but I was feelin' you, and even though I disagreed with almost everythin' you said
you ain't wrong to me, so strong to me, you belong to me,
Like a very hairy Jake Gyllenhaal to me.

Mahmoud, you make my heart beat right out of my chest
my mind says no, but my body says yes

Nuclear threat, the only threat I see
is the threat of you not comin' home with me
Our love for each other's like when atoms collide
Can't express how I feel

Ay yo Adam let's ride And Iran, Iran so far away
It's your home, but in my heart you'll stay He ran, for the president of Iran

we ran together to a tropical island
my Man, Mahmoud is known for rilin'
smiling, if he can still do it then I can
they call you weasel, they say your methods are medieval
you can play the Jews I can be your Jim Caviezel
S&M, nestlin' when we're wrestlin'

You can be the port that I park my vessel in
So I try to mute the tv but you can still see me
with your sleepy brown eyes, butter pecan thighs
And your hairy butt ...

Yeah. And Iran, Iran so far away
come home, and in my arms you'll stay Used to look at the stars and dream

round the world same stars were seen
And a twinkle in your eyes, Mahmoud

Talk smooth to me, without a tie
your pants high waisted, damn so fly

We can take a trip to the animal zoo
and laugh at all the funny things that animals do
Like Eugene (Levy) you got me straight trippin' boo
hope you look in my eyes and say I'm trippin' too

you say Iran don't have the bomb but they already do
you should know by know, it's you And Iran, Iran so far away
It's your home, but in my heart you'll stay You're crazy for this one Mahmoud
you can deny the holocaust all you want

but you can't deny that there's something between us
I know you say there's no gays in Iran
but you're in New York now, baby
it's time to stop hiding,
and start living.
