

Believe

4 Strings

Waking up
You're the one I used to know
Where did it stop?
Still it feels like letting go I hear voices deep inside
Now that I have fled from life
Still I wonder why
I believe every word is true
I still believe one day I'll get over you I see shadows on the wall
Will you catch me when I fall
I had so much to give
I believe, I believe I see shadows on the wall
Will you catch me when I fall
I had so much to give
I believe You and I
Searching for a place to grow
Out of sight
Since you left me all alone I believe, I still believe I see shadows on the wall
Will you catch me when I fall
I had so much to give
I believe, I believe I see shadows on the wall
Will you catch me when I fall
I had so much to give
I believe
