

# Hold On To Me

## Courtney Love

Hey this life is never fair  
The angels that you need are never there  
But sometimes he comes to me  
In the dead of winter, dead of night  
He's all that I can seeHold on to me (4X)We all get our glory  
Our little bit of fame  
But there's no truth at the heart of any of it  
Just the brilliance and the passion and the bitterness remainsHold on to me (4X)Oh how he brings me down  
Oh, down into the ground  
I never will get out  
I never will get outI'll protect you from the night, it will never fall  
I'll protect you from the truth, you won't hear it all  
I am the center of the universe,  
I am the center of the universe  
I am the center of the universeWhen you're in the whirlpool and they try to suck you in  
Remember you aren't gonna drown baby til you are out of life  
Hang on to me forever baby, I could always swimHold on to me (8X)Hush your highness don't you breathe  
No, baby hold me in your arms I'm shivering  
But what's all that for  
If I was the battle baby, you have won the war
