

Stick to Your Guns!

Liblikas

Take a hit, add a beat
Starving geek bareboned
Clever fuckers down, always going down
Take a hit, add a beat
Geek left with bones
Down, down, down, downSever ties to become
Shelved produce of scum
Clever fuckers stick to their guns
Stay true, chase the sun
Overdoser
Con-poser
Overdoser
Con-poserNever care for their voice
Lose face, forfeit choice
Clever fuckers stick to their guns
Stay true, chase the sun
Superficial, artificial
Your flesh selling, crowds are yelling
Heartless screaming, lost all feeling
Plastic faces, gold-bound laces
