## Mamã; Pulpa

Nikto nichego nikogda ne poymet  
Takaya lyubov', iskusstvennyi med  
Iskusstvennyi med, iskusstvennyi led  
Iskusstvennyi rai, skoree vklyuchai  
I ya nikomu ne skazhu, chto ya robota lyublyu  
Robota lyublyu, robota lyublyu  
Robot, robot, robot,  
Ya tebya lyublyu, my tak khoteli  
Robot, robot, robot,  
Ya tebya vklyuchu I poleteli  
Robot, robot,  
V tvoem serdtse elaktronnye meteli  
Poleteli, poleteli, poleteli, poleteli  
Robot, robot, robot,  
Ya tebya lyublyu, my tak khoteli  
Robot, robot, robot,  
Ya tebya vklyuchu I poleteli  
Robot, robot,  
V tvoem serdtse elaktronnye meteli  
Poleteli, poleteli, poleteli, poleteli  
Poleteli, poleteli

Takaya lyubov', nereal-nyi polet  
Iskusstvennyi med, iskusstvennyi led  
Takaya lyubov', iskusstvennyi smekh  
Iskusstvennyi sneg, I vse kak vo sne  
I ya nikomu ne skazhu, chto ya robota lyublyu  
Robota lyublyu, robota lyublyu  
Robot, robot, robot,  
Ya tebya lyublyu, my tak khoteli  
Robot, robot, robot,  
Ya tebya vklyuchu I poleteli  
Robot, robot,  
V tvoem serdtse elaktronnye meteli  
Poleteli, poleteli, poleteli, poleteli  
Robot, robot, robot,  
Ya tebya lyublyu, my tak khoteli  
Robot, robot, robot,  
Ya tebya vklyuchu I poleteli

Robot, robot,  
V tvoem serdtse elaktronnye meteli  
Poleteli, poleteli, poleteli, poleteli
