

# One Minute More (kryptogram remix)

## Capital Cities

Don't wait for an invitation  
No need for reservation  
This life is an exploration  
And you gotta see what I see in youI can't wait one minute more  
The sun will shine  
The sun does shine  
We can't wait one minute more  
The sun does shine  
The sun does shineJust think of the destination  
I'll be your transportation  
We'll find there's a kind of place  
That can only be seen with a naked mindI can't wait one minute more  
The sun will shine  
The sun does shine  
We can't wait one minute more  
The sun does shine  
The sun does shine  
The sun does shineThere's a key that opens a door  
Will you find it and turn it?  
Take your time, don't take too long  
There's a map that's washed ashore  
Will you find it and burn it?Unleash your imagination  
Two stars, one constellation  
Bright lights just to guide the way  
Can you see what I see in you?I can't wait one minute more  
The sun does shine  
The sun does shine  
We can't wait one minute more  
The sun does shine  
The sun does shineI can't wait one minute more  
The sun does shine  
The sun does shine  
We can't wait one minute more  
The sun does shine  
The sun does shine
