

# Head First

John Waite

Well, the first time that I saw ya  
You looked down and out  
And I had my doubts about you  
But baby, since I've come to know ya  
I ain't got no doubts, what it's about  
Me and baby, we're going out tonight  
She's gonna treat me right  
Ooh yeah, me and sugar, we've got it all sewn up  
She fills my loving cup, we're going head first  
Well, the second time that I saw ya  
Man you'd really improved  
I was really moved, how I wanted you  
I'm knocking at your door to see if you're alone tonight  
'Cause I need some more, of what you got  
Me and baby, we're going out tonight  
She's gonna treat me right  
Ooh yeah, me and sugar, we've got it all sewn up  
She fills my loving cup, we're going head first  
Baby, baby, baby, take me in your arms and love me  
'Cause you know what I am anyway  
You got me on my knees  
I'm gonna say please if you want me  
'Cause I want you, so I'm never gonna let you go  
Me and baby, we're going out tonight  
She's gonna treat me right  
Ooh yeah, me and sugar, we've got it all sewn up  
She fills my loving cup, we're going head first  
Me and baby, we're going out tonight  
She's gonna treat me right  
Ooh yeah, said me and baby, we've got it all sewn up  
She fills my loving cup  
Ooh yeah, me and baby, me and baby gonna rock and roll  
She fills my loving cup, it's gonna be alright  
Me and baby, we're gonna rock and roll  
We're gonna rip it up, we're fallin' head first
