

Master Of The Universe

Hawkwind

I am the centre of then universe
The wind of time is blowing through me
And it's all moving relative to me
It's all a figment of my mind
In a world that I've designed
I'm charged with cosmic energy
Has the world gone mad or is it me? I'm the creator of this universe
And all that is was ment to be
So that we might learn to see
The foolishness that lives in us
And stupidity that we must suss
How to banish from our minds
If you call this living I must be blind
