Sugarless

Caviar

Attempt the keyhole how
I don't wanna for free
All to stop moving now
You taught it all to me
But I can never walk out
I can never walk outI'm getting down
I'm going out
I have a date with a pretty ballerina
I had a date with a pretty ballerina
How do I get into bed to sleep with you
Crushed cause I tripped the alarms
I'm going sugarless
Down enough to a crawl to be primitive
Out of my head on the prowl
I'm going sugarlessKasabi corduroy
How can you refuse
Pissed out on engine noise
Telepathic blues
You know I never lose
Never ever loseI'm getting down
I'm going out
I have a date with a pretty ballerina
How do I get into bed to sleep with you
Crushed cause I tripped the alarms
I'm going sugarless
Down enough to a crawl to be primitive
Out of my head on the prowl
I'm going sugarless
