

Charon

King Diamond

Welcome my friend, my name is Charon
Please take my hand, I know the secret land
Don't be afraid, oh no
I'm faceless but don't fear now
I'll take you safe across The River Styx
Waste no time, where soon the night will break away
That boy can wait, there's only room for one
Don't be afraid, oh no
I'm faceless but don't fear now
I'll take you safe across The River Styx
I am your death
We must leave now, my boat is waiting
On the other shore is the land of the dead
Don't be afraid, oh no
I'm faceless but don't fear now
I'll take you safe across The River Styx
