

# Best Thing That I Found (feat. Lecrae & Corbett)

## Saigon

Another face, in the crowd  
Fall from grace I'm coming down  
You're the best thing that I found  
You're the best thing that I found  
You lost your way  
I lost my crown  
I'm still here feet on the ground  
You're the best thing that I found  
You're the best thing that I found (that I found) I used to get these feelings and think of these crazy things  
But when you shine your light on me it's like you gave me wings  
I thought I was depressed, you showed me how much more I was blessed  
I'm thanking you lord, this I could confess  
You know more than anybody all that I had to go through  
I heard you when you said that's just somethin' I had to show you  
For me to get to know you like I know you  
And when the reaper tried to come to get me  
You came to save me, I owe you  
Some call you Jesus's father, but some say you the holy ghost  
I know you love because when things get ugly you hold me close  
This is why I try to live the life of 'just righteousness'  
Feeling like the opposite something you wouldn't like for us  
Coulda easily got addicted, couldn't kick it  
You told me to never try it, that's why I never did it  
Heavenly father, never forget it  
My life without you, I'd just rather not live it  
Another face, in the crowd  
Fall from grace I'm coming down  
You're the best thing that I found  
You're the best thing that I found  
You lost your way  
I lost my crown  
I'm still here feet on the ground  
You're the best thing that I found  
You're the best thing that I found (that I found) Yeah  
Not ashamed of my pain  
Not ashamed of my struggle  
I lost some battles but I'm still out here facing this trouble  
Facing my trials cause they only make me stronger  
Starving in these streets will only elevate your hunger  
Beat me down and laugh at me, tell me that this is foolishness

They can't take my hope away, from and nobody's movin' it  
Faith ain't what you make it, faith is all I got to make it  
Tired of you forsaken, you naked left in it vacant  
Forget them naysayers and haters and stay at it  
Sometimes a dream broken is a dream worth having  
My pastor  
Can't rewind it and back up  
Focus fixed on the future so tell my failures to backup  
Get back up after you fall when your back is up on that wall  
Ain't no backup that you control, just look back up at god and call  
Sometimes the pain is the motivation of trust  
And them scars are the evidence that the journey was rough, yeah  
None of it was in vain, readjusted the aim  
Missed a couple of shots  
Still ain't outta the game Another face, in the crowd  
Fall from grace I'm coming down  
You're the best thing that I found  
You're the best thing that I found  
You lost your way  
I lost my crown  
I'm still here feet on the ground  
You're the best thing that I found  
You're the best thing that I found (that I found) And we pray and we pray and we pray and we pray  
And we pray and we pray and we pray and we pray  
And we pray and we pray and we pray and we pray  
S to the A and my little brother Lecrae (Lecrae)  
DJ, Corbett  
Haha  
We all got faith, in that man upstairs  
Hallelujah, amen  
Thank you
