

Lucky Bound

P.J. Pacifico

I'll grab the brass ring next pass
And I'll make sure the ride lasts
It's not my turn so I've learned, pretty fast
"Keep doing what you're doing, you're doing everything right
All the best, and with sad regrets...
Talk soon, alright?"
I've roamed the roads this country hasChorus:
'Round & 'round, lucky bound
The line forms back around the bend
I'm not high enough to reach right enough
But I'm holding on 'til my ride endsEddie's bound, shot down, first round
Hotel to couch and coastal towns
And going for it on fourth down
I've roamed the roads this country hasChorusI'm screaming in the rain againChorus
