

With a Little Luck

[Paul McCartney](#)

With a little luck we can help it out
We can make this whole damn thing work out
With a little love we can lay it down
Can't you feel the town exploding There is no end to what we can do together
There is no end
The willow turns his back on inclement weather
And if he can do it we can do it Just me and you
And a little luck we can clear it up
We can bring it in for a landing
With a little luck we can turn it on
There can be no misunderstanding There is no end to what we can do together
There is no end
The willow turns his back on inclement weather
And if he can do it Just me and you
With a little push we could set it off
We can send it rocketing skywards
With a little love we could shake it up
Don't you feel the comet exploding With a little luck, with a little luck
With a little luck, a little luck, a little luck With a little love, we can lay it down
Can't you feel the town exploding
With a little push, we could set it off
We could send it rocketing skywards With a little love, we could shake it up
Don't you feel the comet exploding forwards
