

# Just to Get High

## Nickelback

He was my best friend, I tried to help him  
But he traded everything for suffering  
And found himself alone I watched the lying, turn into hiding  
With scars on both his lips, his fingertips  
Were melted to the bone But I can still remember  
What his face looked like  
When I found him in an alley  
In the middle of the night Tell me what you know  
Tell me what you gone and done now  
Tell me what you know  
Tell me what you gone and done now Gonna do the trick, get it over with  
You're better off to take all that  
You've got and burn it on the spot  
Just to get high Three days no sleeping, he gave up eating  
He sold his mother's rings, she said nothing  
And pretended not to know He started stealing to supply the feeling  
Found out he pulled a knife on someone's wife  
And held it to her throat But I can still remember  
What his face looked like  
When I found him in an alley  
In the middle of the night Tell me what you know  
Tell me what you gone and done now  
Tell me what you know  
Tell me what you gone and done now Gonna do the trick, get it over with  
You're better off to take all that  
You've got and burn it on the spot  
Just to get high Tell me what you did, where you gone and hid?  
Show me what you really want, was it what you got?  
Slowly circle in the drain, throw it all away  
Just to get high, high, high, oh Tell me what you know  
Tell me what you gone and done now  
Tell me what you know  
Tell me what you gone and done now Gonna do the trick, get it over with  
You're better off to take all that  
You've got and burn it on the spot  
Just to get high Tell me what did, where you gone and hid?  
Show me what you really want, was it what you got?  
Slowly circle in the drain, throw it all away  
Just to get high, just to get high

Circle in the drain, throw it all away  
Just to get high
