

Listen to Me

Cheap Trick

Right! Right! Something's got to give
Got to keep on rockin'
Why should she?
Early to bed, early to rise
Look at my leg, look at the size
Look at the size
See my little situation
Satisfied point of view
From where I'm standing
All this attention, all of this points to you
You, you, you don't listen to me
Know, know I'm ready for you
Hope you're ready, ready as me
You should listen to me
Hope you're ready for me
I know I'm ready for you
No, no you don't listen to me
I know you won't listen to me Early to bed, early to rise
Look at my hands, look at the size
Look at the size
See my little situation
Satisfied point of view
From where I'm standing
All this attention, all of this points to you
You, you, you don't listen to me
Know, know I'm ready for you
Hope you're ready, ready as me
You should listen to me
Hope you're ready for me
I know I'm ready for you
No, no you don't listen to me
I know you won't listen to me I've got a feeling that you don't approve
Want big damage between me and you
You want to stick a car that's stuck out you
So eye to eye we'll see it through You, you, you don't listen to me
Now, now I'm ready for you
Hope you're ready, ready as me
You should listen to me
Hope you're ready for me

I know I'm ready for you
No, no you don't listen to me
I know you won't listen to me
