

# I'm Already Loving You Too Much

[Kevin Sharp](#)

When it comes to love I've had my doubts  
But when you walked in my heart checked out  
And like a schoolboy crush I knew it when we touched  
I'm already loving you too much Mind and body, heart and soul  
You came in and took control  
And, oh what a rush this is powerful stuff  
I'm already loving you too much Too much, I'm already falling too fast  
Too much, It's too late for me to turn back  
I can't stop this love that we've started Too much, I'm already falling too fast  
Too much, It's too late for me to turn back  
I can't stop this love that we've started Who knows where I'll go from here  
I'm too far gone to see it clear  
So my heart I'll have to trust  
And hope that it's enough 'Cause I'm already loving you  
There's nothing left for me to do  
I'm already loving you too much  
Already loving you too much
