

I'm Thru

[Alesha Dixon](#)

In terms of lies and filth I don't amount to much
My soul is sugar sweet with an angelic touch
But very single boy who thinks I'm worth a try
Well I'd like to give him one in the eye
I've had enough of giving no I'm on the take
I'm changing my religion for my poor hearts sake
Had it up to here, I'll take a running jump if any boy comes near
CHORUS:
I'm through with love, it didn't do much for me
I'm through with love, as if you really care
I'm through with love, so honey please don't call me
I'm through with love, mon cher I had the chance to think about the whole shebang
And come to the conclusion that it's not my thing
A word to the wise, keep out of site
My bark ain't nothing on my bite
I'm sure it isn't me but that I can't be sure
It seems that cupid's arrow always hits the board
Had it up to here, I'll take a running jump if any boys come near
[CHORUS] To boldy go where no girl's gone
before
I'm packing up and heading out the door
Heavens above
I'm through with love
It didn't do much for me
Do do do do do do do [CHROUS] Do do do do do do do
