

# Worms Of The Earth

## Finch

Worms of the earth, rise in numbers  
A silent night brings them upon us  
Rising from the soil to torment the living  
Torment the livingGentlemen, our faith is wounded  
And yes, we are wounded too  
Theyve come out from the swamp  
But we, we stand on both legsThey will roll over and over and over again  
And another lonely pacifist lying in the sun  
There is no ground control  
MaydayBreathe not a word of this  
Quiet, quiet confidence  
The time has come to face this  
We all must bear witnessThe world will roll over and over and over again  
And another lonely pacifist dying in the sun  
I will not watch this  
I will not watch this all come downCareful boy, carefulAbsence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster
