## **Outta My Head**

## I Hate Kate

Attraction

Traction

More than your reaction

Action to the touch

Imagine, magine you've given up so muchI keep making all the same resolutions

Remaining nameless for the sake of confusion

The future's got me worried about postulation

Get you out of my head, my head, out of my headThere's no word that don't get said that confuse me

Every good intention left to abuse me

Set the world on fire waking up screaming

Get you outta my head, my head, outta my headOutta my head

Outta my head
