

# Tell Me Now

## Mazzy Star

Tell me now  
Three days of spirits  
Tell me now  
I'm here like a spell  
That's been bearing me to drive Tell me now  
That there are three days in a week  
Tell me now  
To make it so Make it so I can't speak  
Make it so I can't speak  
Well, I'm here like a spell  
That's been bearing me to drive Eyes of blue, sea of red  
Take me to where I've never been dead  
Where I've never been dead  
'Cause, between myself and me  
It's a very lonely place Between myself, it's lonely  
Between myself, it's a lonely place  
Crimson red, yourself  
Back up to me
