

# Summer

## John Denver

Silently the morning mist is lying on the water  
Captive moonlight waiting for the dawn  
Softly like a baby's breath a breeze begins to whisper  
Sun is coming, quick you must be gone  
Smiling like a superstar, the morning comes in singing  
The promise of another sunny day  
And all the flowers open up to gather in the sunshine  
I do believe that summers here to stay  
Do you care what's happening around you?  
Do your senses know the changes when they come?  
Can you see yourself reflected in the season?  
Can you understand the need to carry on?  
Writing on the tapestry of all there is to see  
So many ways and oh so many things  
Rejoicing in the differences, there's no one just like me  
Yet as different as we are, were still the same
