# 1 Trillion Dollar$

## Anti-flag

1 trillion dollars could buy a lot of bling
1 trillion dollars could buy most anything
1 trillion dollars buying bullets, buying guns
1 trillion dollars in the hands of killers and thugs and
Woah, oh, oh, woah, oh, woah, oh, woah, oh
Fuck the world, a lot of people gotta die tonight
Woah, oh, woah, oh, woah, oh
Fuck the world, fuck 'em all
1 trillion dollars to Africa, Iraq
1 trillion dollars and it's never coming back
1 trillion dollars could buy some bad ass drugs
1 trillion dollars makes me wanna kill myself
Woah, oh, woah, oh, woah, oh, woah, oh
Fuck the world, a lot of people gotta die tonight
Woah, oh, woah, oh, woah, oh
Fuck the world, yeah, yeah, fuck 'em all
Until the sun burns out of the sky
Until the sun burns so bright this world is no more
Sun burns out of the sky
And all the people are just dust on the ground
1 trillion dollars could buy a heart, a soul
1 trillion dollars buying nations, all the world
1 trillion dollars could make the fat lady sing
1 trillion dollars, what a bullshit useless thing
Woah, oh, woah, oh, woah, oh, woah, oh
Fuck the world, a lot of people gotta die tonight
Woah, oh, woah, oh, woah, oh
Fuck the world, a lot of people gotta die tonight
Woah, oh, woah, oh, woah, oh
Shit loads of money spent
Will show us wrong from right
Fuck the world, fuck 'em all
