

Ooh to Be Ah

Kajagoogoo

Pick and choose, the things you wear
Feel free to look around, with no obligation
Times have changed, so break new ground
Feel free and take your time take a little
Extra time, more time with no obligations
Clothes, in Vogue are all the rage
But don't expect too much, they can't perform miracles
Head to toe disguised again, it's heavy when they say
We don't perform miracles, no we don't perform miracles
Ooh, to be ah jet setter
Be ah head start
Ooh, to be ah, ooh, to be ah
Look at me, ooh, in something new
Ooh, to be ah
Cool gloss mags, reveal the facts
With a little bit of goo, it's usually in the who's who
Place your bets, predict the favorite party of the day
You'll find it in the who's who, who's there
You'll find them in the who's who
