Stay With Me

Diamond Eyes

Barely breathing, head is under water
At a crossroad to love or to not
I wanna feel you breathing every motion
I hear your whisper, stay with meStay with me cause without you here
I disappear to infinity, infinity
Stay with me cause without you here, I disappear
Stay with meI can feel your pain crossing through my veins
Hold onto my hand I pray you'll find my heart one day
Find your way right through these walls that you build so tall
I look around and see it's you that has the keysStay with me cause without you here
I disappear to infinity, infinity
Stay with me cause without you here, I disappear
Stay with me
