Rock to the beat, rock to the beat, yeah
Rock to the beat, rockMy mama used to tell me
She said love is a crazy thing
It comes when you not looking, oh
(Yes it does, yes it does)
And then it tries to knock you off your feetNow, Ive known you forever
And I can truly say, hey baby
That I never ever ever felt that you
Would bring love my way'Cause I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
('Cause I know this love was supposed to be)
Cause I feel it, yes I feel it all over me
(I feel it, I feel it)This is your night tonight
Everythings gonna be alright
This is your night tonight
Everythings gonna be alrightThis is your night tonight
Everythings gonna be alright
This is your night tonight
Everythings gonna be alrightIts funny how you never

You never know which way that love will go
Sometimes it comes so quickly
(Yes it does, yes it does)
And other times it creeps up nice and slowSo, here we are together
And Im feeling fine, oh baby
I feel like Im in heaven
Like I can touch the sky, hey babyBut I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(See I know this love was supposed to be)
'Cause I feel it, yes I feel it all over me
(I feel it, I feel it)This is your night tonight
Everythings gonna be alright
This is your night tonight
Everythings gonna be alrightThis is your night tonight
Everythings gonna be alright
This is your night tonight
Everythings gonna be alrightNow I know I cant explain it
I know I cant contain it
Always, I just kinda knew it
That love has finally come my wayOh yeah
Oh baby, I found loveI found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(See I know this love was supposed to be)
'Cause I feel it, yes I feel it all over me
(I feel it, I feel it)I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(See I know this love was supposed to be)
'Cause I feel it, I feel it, ooh yeah
(I feel it, I feel it)I found love, ooh
I found love, baby
Right in front of me
It feels so good, baby
Feels so rightThat I found love, oh baby
I found love, love, baby
I found your love, yeah
So my baby
