

On Such a Night As This

Luke Thompson

ON SUCH A NIGHT AS THIS â€“ Luke Thompson

VERSE

On such a night as this
You feel so right
And anything believable
In the quiet of the night
The coolness of the crystal breeze
Compliments the heat
And some place in the darkness
He is hers and she is his
On such a night s this

VERSE

On such a night as this
Thereâ€™s nothing in the way
And the words you end up saying
Are just the ones you hoped youâ€™d say!
And the night is still between us
And our fingers touch the moon
And some place in the shadows
He is hers and she is his
On such a night as this

BRIDGE

And all my fears, things Iâ€™ve come to miss
Meet me here in this midnight kiss
All is lost in our brokenness
When he is hers and she is his
On such a night as this

INSTRUMENTAL/NEW SECTION

Well everybodyâ€™s trying to be something
And everybodyâ€™s angling to win
But under all the madness
He is hers and she is his
On such a night as this

BRIDGE
