

'till I Get My Way

The Black Keys

Love me, don't leave me
Make me feel you need me
Kill me, thrill me
Don't you know that I will be
Callin' on you everyday
Till I get my way
Darling, I wonder
How you pulled me under
Kill me, thrill me
Don't you know that I will be
Callin' on you everyday
Till I get my way
Till I get my way
Darling, remember
The cold, cold nights in December
Kill me, thrill me
Don't you know that I will be
Callin' on you everyday
Till I get my way
Till I get my way
Till I get my way
Till I get my way
