

Zombie Time Again

Thomas Samuel Orr

I'm not the richest man in town I haven't a car To take you 'round Oh but I know what I've got And it's zombie time again Green is the color of your hair Red means stop I am aware Oh but how can I stop? When it's zombie time again Zombie zombie Zombie time again Zombie zombie Zombie time again I grew up when I was high But staying that way Takes just one more try See the twinkle in my eye? It's zombie time again Zombie zombie
Zombie time again Zombie zombie Zombie time again
