

# Action Speaks Louder Than Words

## Chocolate Milk

Action speaks louder than words  
Action speaks louder than words

Action speaks louder than words  
(Action, action, action)  
Action speaks louder than words  
(Action, action, action)

People say  
It's gonna be a better day  
(Yeah, yeah, yeah)  
But the world is the same  
In every way

Action speaks louder than words  
Action speaks louder than words

Action speaks louder than words  
(Action, action, action)  
Action speaks louder than words  
(Action, action, action)

The president says  
The world is gonna change, yeah  
(Yeah, yeah, yeah)  
Mister say is nothing  
Mister do is the man

Action speaks louder than words  
Action speaks louder than words

Action speaks louder than words  
(Action, action, action)  
Action speaks louder than words  
(Action, action, action, action)

Action speaks louder than words  
Action speaks louder than words  
(Action, action, action)  
Action speaks louder than words

(Action, action, action)

Action speaks louder than words

(Action, action, action, action)
