

# Shiek

## ZZ Top

I met a shiek from Mozambique  
Who led me to the Congo  
He dreamed to go to Mexico  
And sample a burritoMy temperature had risen again  
It must have been a hundred and tenUnder the oaks I was telling some jokes  
And thinkin' I had it made  
Gettin' on with the folks, havin' some Coke  
And coolin' off in the shadeMy temperature had risen again  
It must have been a hundred and tenI took a boat that couldn't float  
To Rio De Janeiro  
So with my scuba I swam to Cuba  
But I'll be gone tomorrowMy temperature had risen again  
It must have been a hundred and ten
