Lyrics And Music By Karl Alvarez Frozen To The Core I'm Feeling Cold Today I Need Some Inspiration To
Pull Me From The Floor Open Up My Eyes Take Me Down The Road To A Place I've Never Been Before
Show Me Colours That I've Never Seen Open Up Your Mouth Give Me Perfect Words I've Never Heard Burn
My World A Southpaw Curve I'm Ready Now Lets Go Fast And Hard Like Vida Blue The Look In Every
Strangers Face Tells Me I'm Alone I've Lived A Lot Of Every Place No Where I'd Call Home To A Place I've
Never Been Before Open Up My Eyes Take Me Down The Road Open Up Your Mouth Give Me Perfect Words
I've Never Heard I'm Ready Now Lets Go Show Me Colours That I've Never Seen Burn My World A
Southpaw Curve Fast And Hard Like Vida Blue To A Place I've Never Been Before Show Me Colours That
I've Never Seen Take Me Down The Road Open Up Your Mouth Give Me Perfect Words I've Never Heard
Open Up My Eyes I'm Ready Now Lets Go Burn My World A Southpaw Curve Fast And Hard Like Vida Blue
