Bad Rain

Widowmaker

Blood lust tonight, bite my tongue and hold it in
From deep inside she aches for every part of him
In the rapture of the midnight sun
She is longing for immortal love
Blue moon hangs high, tell me will it ever end?
Oh, oh, whoa, oh
Here?s comes the bad rain,
Falling from an aching heart
Oh, oh, whoa, oh
Here?s comes the bad rain,
Don?t know when it?s gonna stop
Oh, oh, whoa, oh
She?s somewhere else, should be lying next to me
Under the spell, tangled in her ecstasy
From her veins she gave her streaming life
Let him prey on her like a sacrifice
Still she denies everything so brazenly
Oh, oh, whoa, oh
Here?s comes the bad rain,
Falling from an aching heart
Oh, oh, whoa, oh

Here comes the bad rain
Don?t know when it?s gonna stop
Oh, oh, whoa, oh
And in the madness of this love
She wont surrender till it's done
And so I?m lost away, God this night could last forever
(solo)
And so it ends, kisses me and kills the lights
The living dead always leave her satisfied
Here?s comes the bad rain,
Falling from an aching heart
Oh, oh, whoa, oh
Here comes the bad rain
Don?t know when it?s gonna stop.
Oh, oh, whoa, oh
Here?s comes the bad rain,
Falling from an aching heart

Oh, oh, whoa, oh
Here comes the bad rain
Don?t know when it?s gonna stop.
Oh, oh, whoa, oh
