

# Awaken

## Novembers Doom

Stripped of life, alone

In the midst of something that I Want to play with your evil insidewanting, letting go, of what never could be again

Lost and alone

Imprisoned now inside your mind

With the way you tried

To destroy me again

You were waiting and living for no one

With the way you tried

To completely refuse all your life Feed on nothing

You'll never live up to me

Awaken you

With a little evil inside

Feed on your nothing

You'll never live up to me

I've stricken you

Feed on your nothing

And you'll never live up to me

There isn't a thing that I can do

Watching the whole thing just wash away

Making me long

Making you strong

Awaken you

With a little evil inside

Feed on your nothing

You'll never live up to me

I've stricken you

Feed on your nothing

And you'll never live up to me
