...slowdance On The Inside

Taking Back Sunday

Passed out in our school clothes so we'd wake up in our Sunday's best
I never asked for your opinion, I just got it and I get it
You move slow like daytime drama
And I'm boring like his songs
So while I'm taking you for granted
We'll be humming along
Well cross my heart and hope to
I'm lying just to keep you here
So reckless, So thoughtless, So careless
Cross my heart and hope to
I'm lying just to keep you here
So reckless, So thoughtless
And I could care less
So paint your face up something elegant
And this time maybe a darker shade of red
Cause a long night means a fist fight
Against your pillow and my pearly whites
I want to hear you scream you like me better on my knees
So let us breathe
So let us breathe
Don't you ask me
Don't you fight
Cross my heart and hope to
I'm lying just to keep you here

So reckless, So thoughtless
And I could care less
Cross my heart and hope to
I'm lying just to keep you here
So reckless, So thoughtless
And I could care less
Well cross my heart and hope to
I'm lying just to keep you here (I'll keep you here, I'll keep you here)
This glass house is burning down
You light the match, I'll stick around
I'll give you everything you want
And wish the worst of what I was
This glass house is burning down
You light the match, I'll stick around

I'll give you everything you want
And wish the worst of what I was
Tonight won't make a difference
Tonight won't make a difference
Tonight won't make a difference
Well tonight won't make a difference
Well tonight won't make a difference
Tonight won't make a difference
Tonight won't make a difference
Well tonight won't make a difference
